Arteriovenous access creation	100	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Arteriovenous access revision	500	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Additional information:

Vascular access out-patient clinic: 5 days per week

Vascular access operating room: 5 days per week

This private clinic is high-volume vascular access center serving 3000 patients (30% of Portuguese hemodialysis units). All interventions are done in hybrid operating rooms. External fellows can follow patients from the outpatient clinic to the operating room and share training opportunities with one local vascular surgery resident.

Background knowledge / skills required:

- Basic skills in vascular surgery, angiology, and duplex ultrasound.
- Medical licence validated by the Portuguese Medical Association for the training period.
